

Dear: F.C.C.

I bought a XM radio and payed for XM service, because the T.V./A.M./F.M. service were I live does not offer me the news, weather, or music that I'am interested in.

I'am the customer, if I don't like what XM is offering then that is an issue between "XM" and "myself". "No" outside parties should have any say in what "I" pay to hear.

No disrespect ment, but I think that your time would better serve the public by getting rid of the crap that is on the T.V. like "Reality Shows".

I think the F.C.C. is necessary for public T.V./Radio, not XM.

Thankyou for your time on this matter.
